

## Task #1

A *matching game*. Can you identify and match the leaves + the fruits/nuts to the 4 Trees below?

**OAK** Leaf: Seed: **HOLLY** Leaf: Seed: **PINE** Leaf: Seed: **MAPLE** Leaf: Seed:

## Task #2

A key part to any ecosystem is a water source. Along your walk watch see how many different water sources you find. In Westport you will find wildlife and diverse habitats around ponds, streams and rivers, wetlands and marshes, and of course the Atlantic Ocean.

Which ones did you see? \_\_\_\_\_

## Task #3

Draw 2 animals you have seen on your exploration:

Here are some examples of local animals you can find in Westport:

Eastern Box  
Turtle

Four-Toed  
Salamander

Eastern Gray  
Squirrel

White Tailed  
Deer

Woodpecker

Now it's your turn:
